

**Mental Health  
Recovery Board**  
Serving Warren & Clinton Counties

**A STATEMENT REGARDING  
SOLUTIONS & GREATER CINCINNATI BEHAVIORAL HEALTH SERVICES**

Solutions Community Counseling & Recovery Centers announced on January 23, 2025, that it would dissolve, transitioning services to Greater Cincinnati Behavioral Health Services (GCB). MHRB began meetings with the two organizations with a priority of ensuring that care of Warren and Clinton County clients would not be disrupted in the transition. Both organizations have worked amicably to ensure the board's goal is achieved.

Solutions has been a valued partner in the treatment and recovery of residents in our region living with mental health and substance use disorders. MHRB would like to publicly thank Solutions, its board and staff for their dedication to providing services and programs for 40 years. They have served Warren and Clinton County residents well. We now look forward to the future as GCB assumes a larger role in the care of residents in our two-county service area.
